

Healed in More Ways than One! Members of a translation team in Burkina Faso shared a recording of newly translated Scriptures with a Muslim woman who was in the hospital. She listened and responded, "I thank you for the fact that through this audio, you give value to our language. This is my very first time to hear a recording in my language and it is with great pleasure that I listened to it from the beginning to end. This story about the life of Abraham is different from what Islam tells; but I was personally touched by the content. Being here in the hospital, something said to me, 'believe in the God of Abraham spoken of in the recording, as he can heal you.' I understood that God wants me to trust in Him like Abraham did. Pray for me that I may one day be able to do this by believing in Jesus Christ you spoke of in the audio."

Not actual photo of woman in the story.

Not the actual team for security purposes. The team shared with her about Jesus Christ and prayed for her. The next day, she gave her life to Jesus and received healing from her illness. She returned to her village and now attends church.

Pray for this translation team to continue sharing the newly consultant checked Scriptures in written and audio format with members of the community so they can come to know Jesus!

*** Praise the Lord for these first time New Testaments which were dedicated in May 2022. Thanks for being part of the team!
